This week's FACT FILE

Gadge

Looking for a reliable robot? This one could be a big help!

What is it?

Gadget is a robot on Bowie Base One. The crew use him to carry out odd jobs around the base. He is controlled by Roman Groom, the junior technician. Roman wears special gloves and, whenever he moves, Gadget moves too!

Gadget usually only moves about two miles an hour, until the Doctor sonics him!

Tools for every possible job.

'Gadget-gadget!'

Roman thinks it is really funny to have Gadget say "Gadget-gadget!" all the time. The Doctor isn't so sure – he hates it when humans give robots funny voices!

Go Gadget, go!

Super sonic

When Bowie Base One is attacked by the Flood, the Doctor sonics Gadget so he can move really fast, and he and the base captain, Adelaide Brooke, hitch a ride on the robot to escape from the infected Andy and Tarak!

ZOOOM!

Tracks for travelling over any surface.

WORDS BY LEANNE GILL

Rescue

The Doctor uses Gadget to rescue three of the crew on Bowie Base One. He gives Gadget the TARDIS key, and then controls him as he operates the TARDIS console. The clever robot brings the Doctor's ship to the base just in time. Wow!

Goodbye, Gadget

When the TARDIS returns the crew to Earth, Gadget stops working. He's lost his signal from the base and doesn't know where he is. Poor Gadget.

DID YOU KNOW?

Gadget is the only member of the crew the water virus can't infect.

TURN LEFT

ESSENTIAL INFO!

FIRST SHOWN: 21 June 2008

STARRING: David Tennant as the Doctor, Catherine Tate as Donna and Billie Piper as Rose

ALIEN: Time Beetle

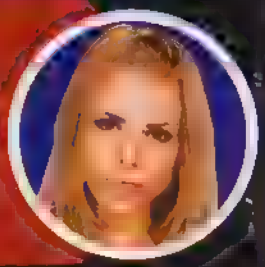
PLANETS: Shan Shen and Earth

DATE: Unknown

TURN OVER FOR THE WHOLE STORY!

WHO'S WHO?

Rose Tyler is back from a parallel universe and needs Donna's help.



Sylvia Noble is Donna's nagging mum. She and Donna don't always get on.

Wilfred Mott is Donna's granddad. He likes to look up at the stars.

The Fortune Teller is determined to make Donna change history.

Rocco Colasanto ends up living with Donna and her family in Leeds.

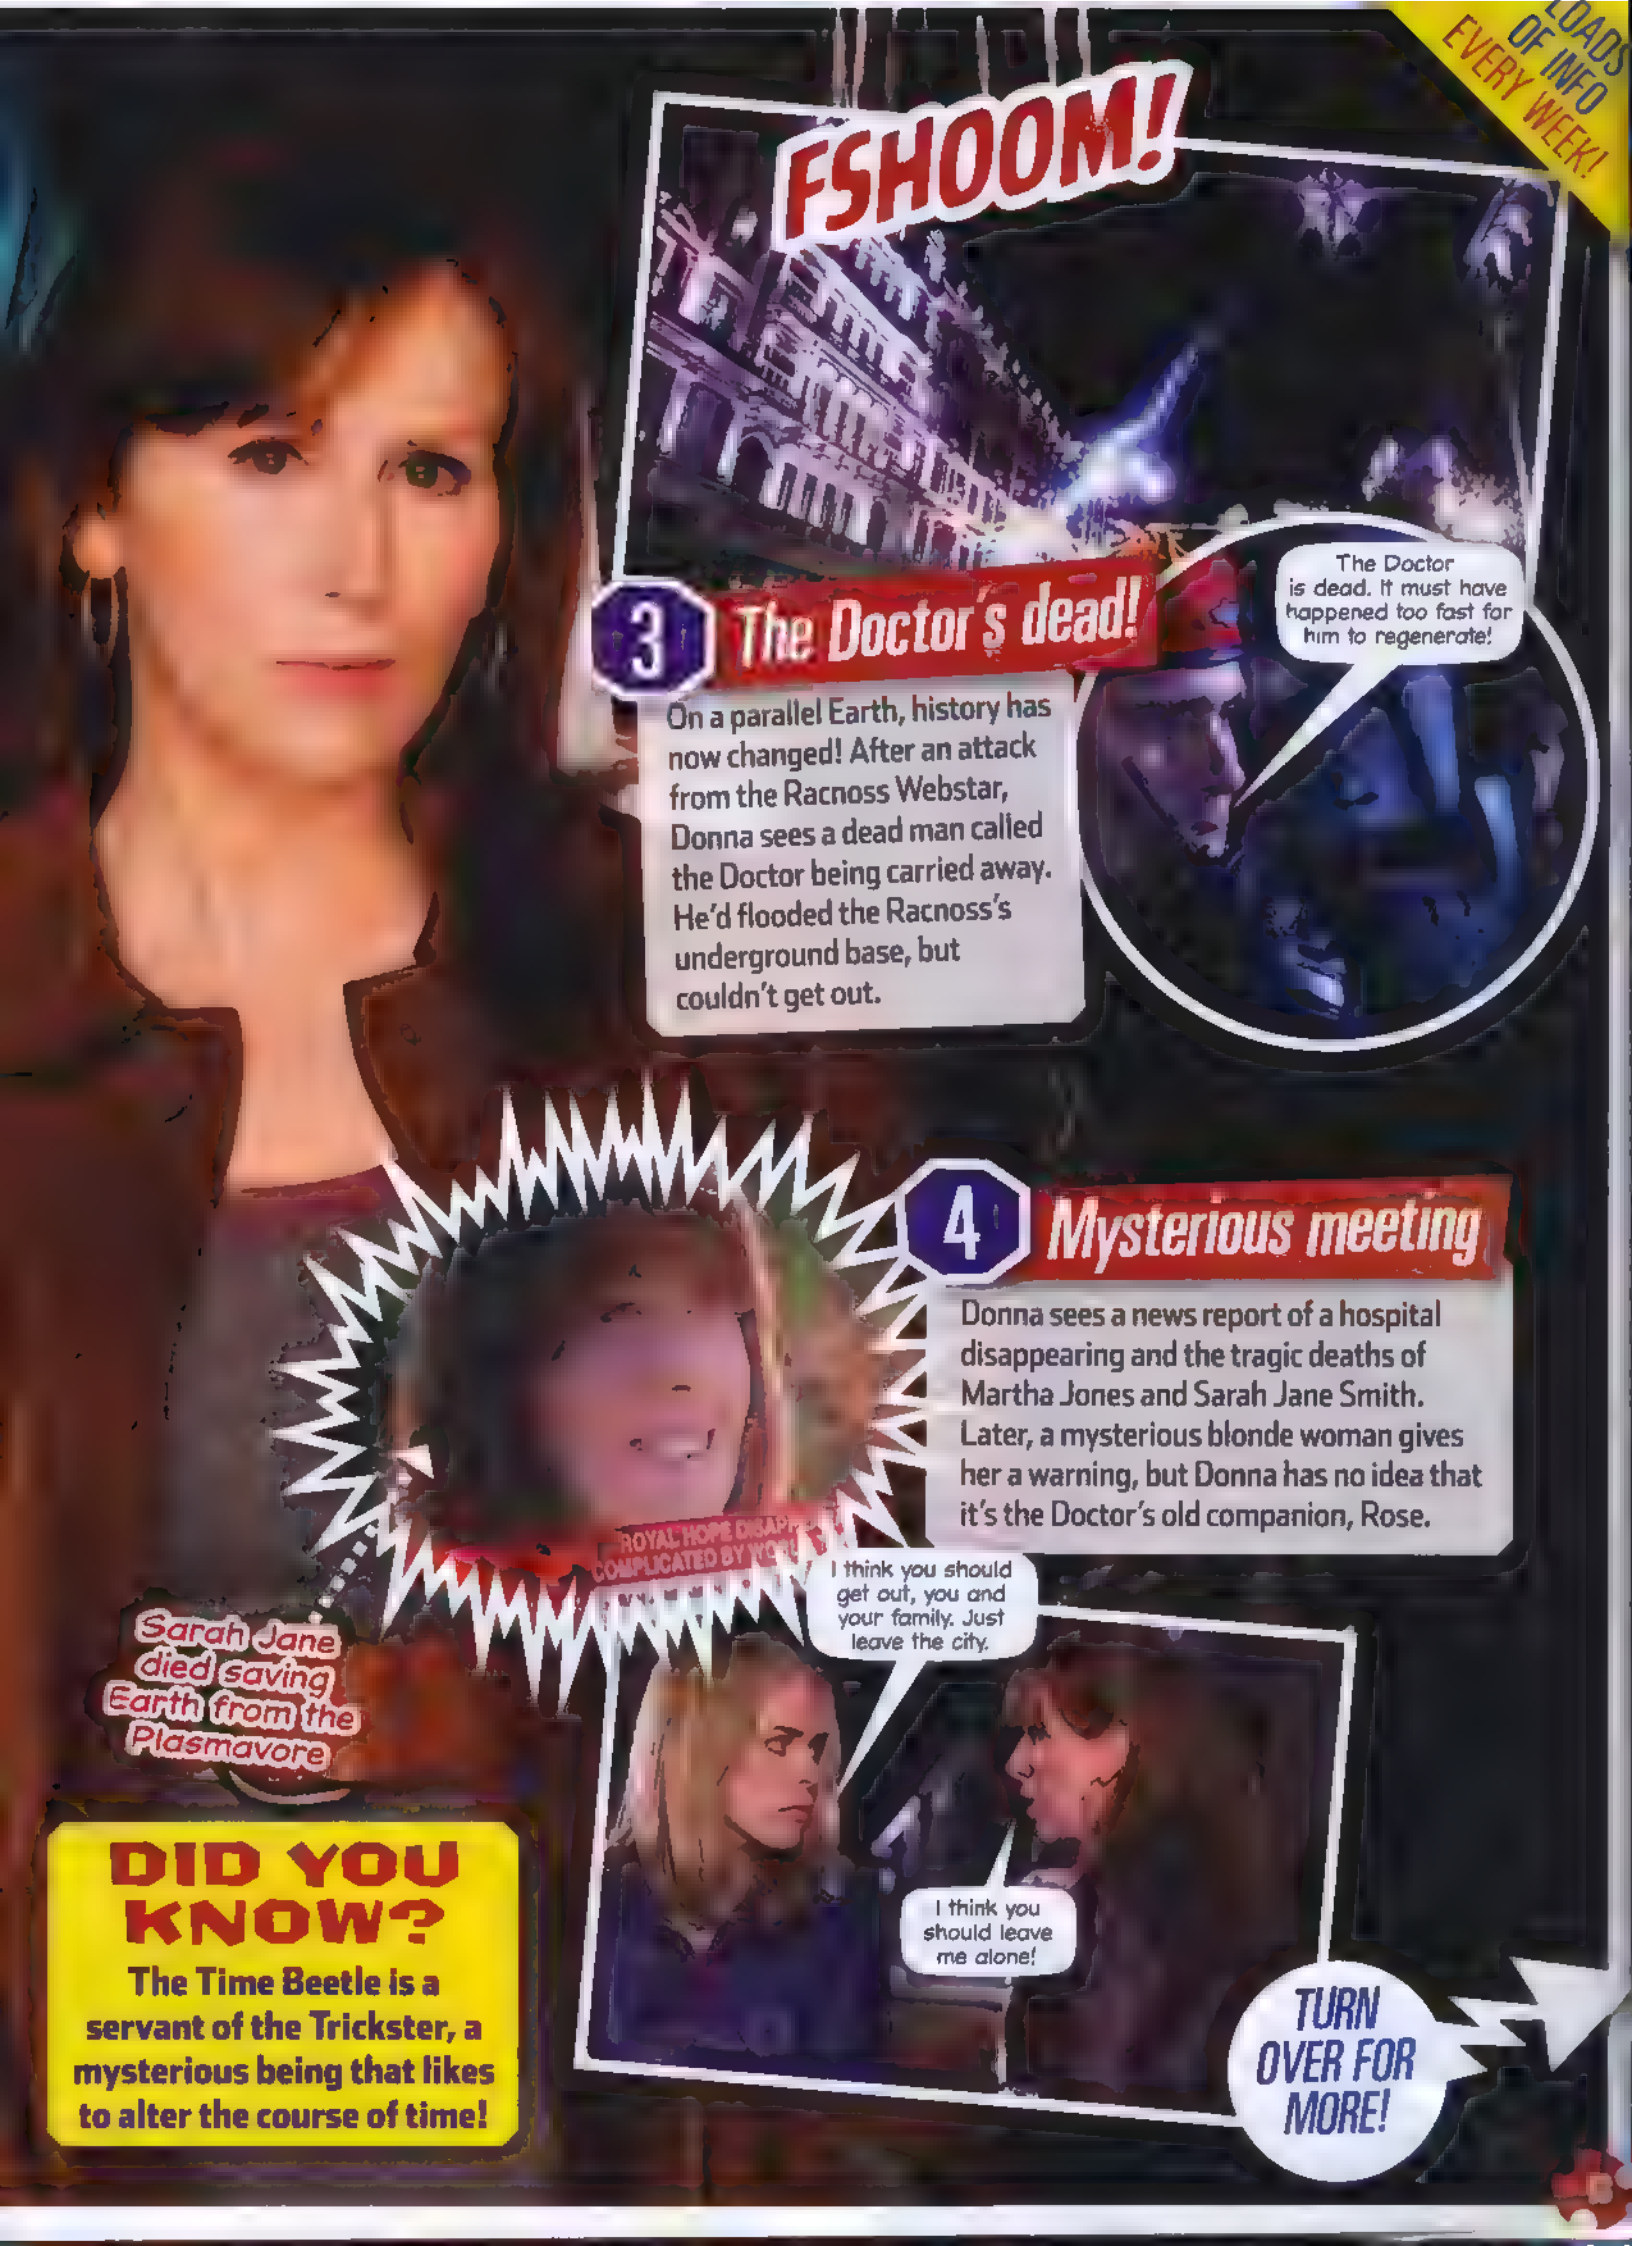
Captain Magambo works for UNIT. She's helping Rose, but doesn't really know why.

1 Fortune Teller

On the planet Shan Shen, Donna meets the Fortune Teller, who asks her how she met the Doctor. Donna remembers turning left in her car at a road junction. If she had turned right, she would have got a different job and would never have met the Time Lord.

2 Turn right

Donna can't see it, but a Time Beetle has crawled up her back! The Fortune Teller says that Donna has the chance to make her choice again and keeps going on at her to turn right at the junction instead of left.



3 The Doctor's dead!

On a parallel Earth, history has now changed! After an attack from the Racnoss Webstar, Donna sees a dead man called the Doctor being carried away. He'd flooded the Racnoss's underground base, but couldn't get out.

4 Mysterious meeting

Donna sees a news report of a hospital disappearing and the tragic deaths of Martha Jones and Sarah Jane Smith. Later, a mysterious blonde woman gives her a warning, but Donna has no idea that it's the Doctor's old companion, Rose.

Sarah Jane died saving Earth from the Plasmavore

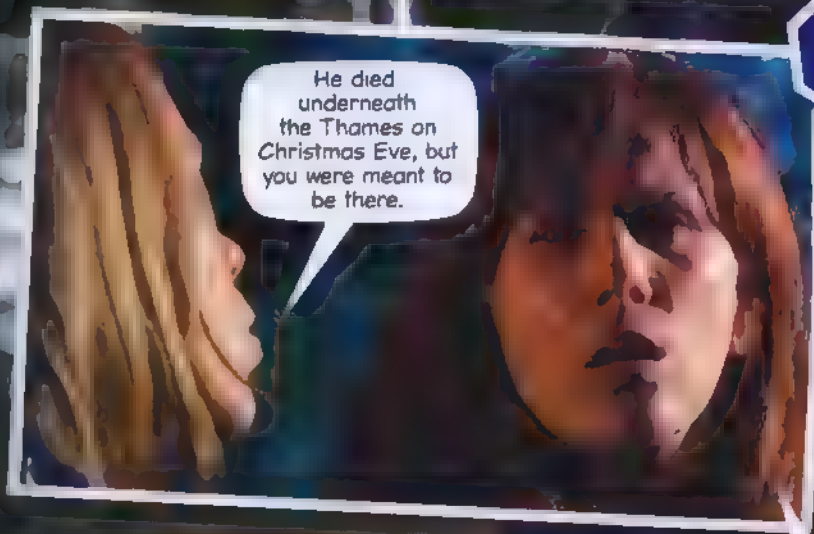
DID YOU KNOW?

The Time Beetle is a servant of the Trickster, a mysterious being that likes to alter the course of time!

TURN OVER FOR MORE!

5 Death and disaster

Luckily, Donna takes Rose's advice as to leave London, as the city is destroyed by the exploding Titanic! The world faces yet more disasters thanks to the Adipose and the Sontarans, and Donna, Sylvia and Wilf are forced to move to Leeds and share a house.

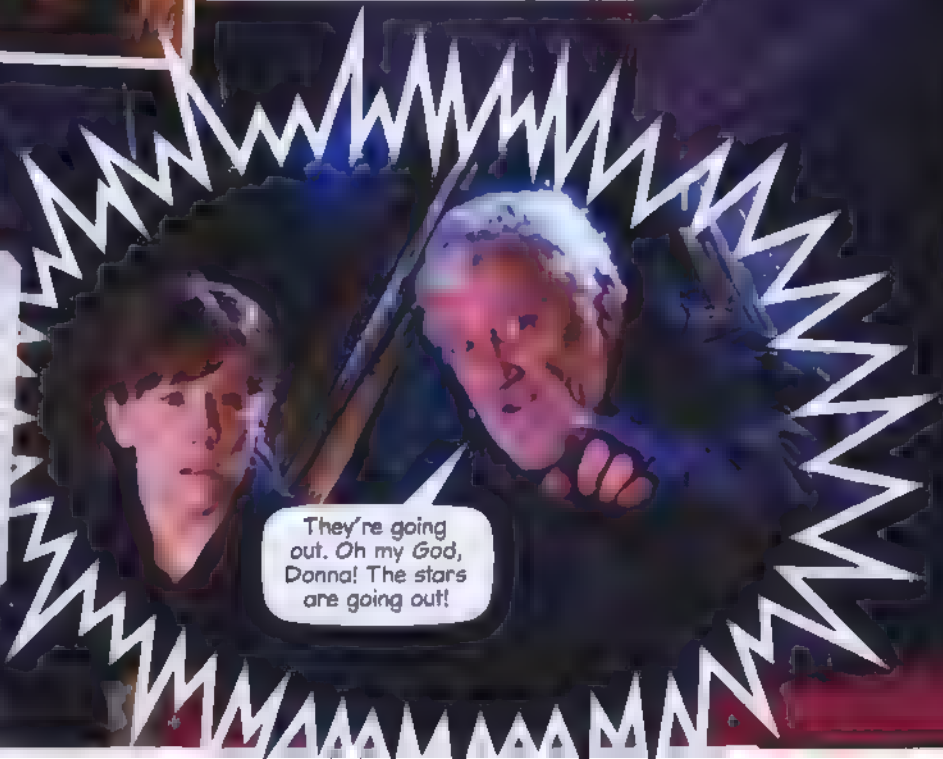


6 Rose's warning

When Donna meets Rose again, she discovers that the Doctor was supposed to stop all the disasters from happening, but only because Donna had once saved his life. Rose warns that every single universe is in danger and they need the Doctor back more than ever.

7 The darkness

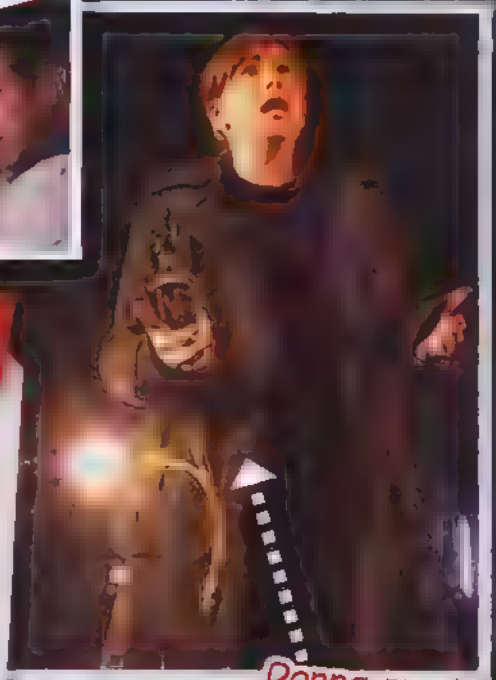
Rose wants Donna's help, but Donna keeps saying no. Then one night, when she's looking up at the sky with Wilf, Donna sees the stars going out one by one! She's so scared, she realises she has to go with Rose after all.



BZZEEEEEWP!

8 Race against time

With UNIT's help, Rose sends Donna back in time. Her mission is to make her past self turn left at the junction, not right. Donna is horrified when she realises the only way she can do this is by stepping out in front of a lorry and causing a traffic jam.



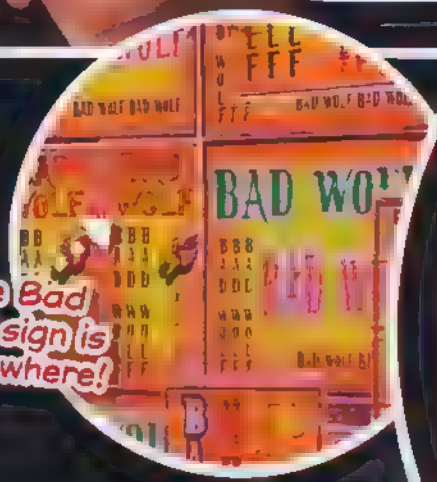
Donna must change direction by 10:01!

DID YOU KNOW?

The Fortune Teller is played by Chipo Chung, who also appeared as a blue alien called Chantho!

9 Bad Wolf!

Back on Shan Shen, the Time Beetle falls off Donna's back and the parallel Earth it helped create vanishes. But the Doctor's shocked to learn Rose's last message – Bad Wolf. Now he can see it everywhere he looks!



The Bad Wolf sign is everywhere!

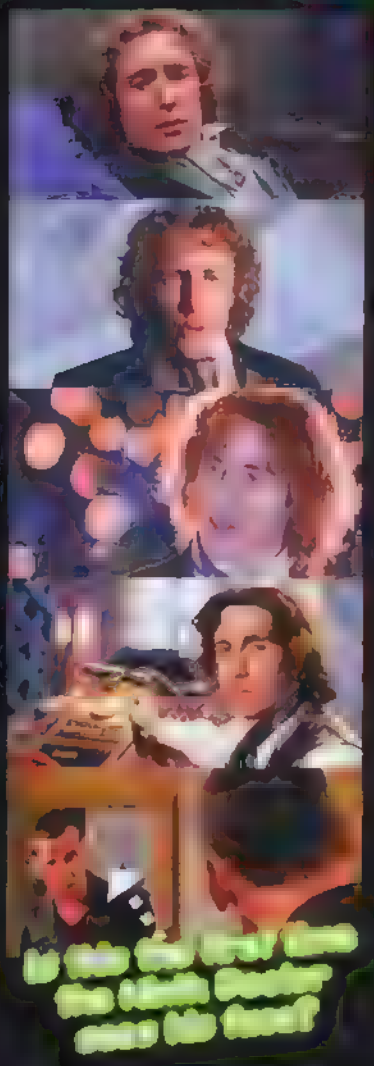
COUNTDOWN TO CHANGE

Our fascinating guide to the Doctor's regenerations!

LOADS OF FACTS EVERY WEEK!

THE EIGHTH DOCTOR



What was he like?

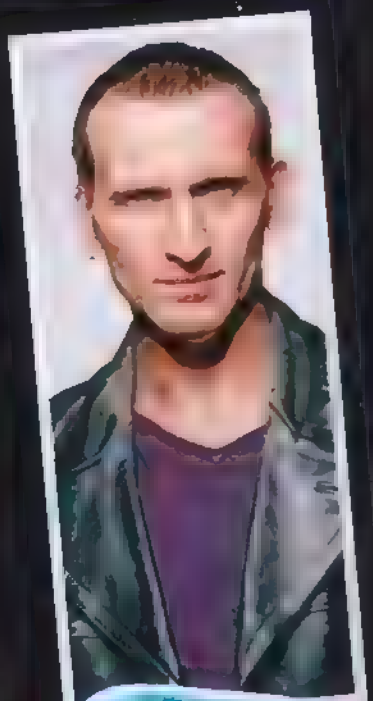
The Eighth Doctor is a bit of a mystery! He appeared in just one special episode in 1996 and he was fun, quick-thinking and very clever. There were no new episodes of *Doctor Who* until 2005, when the series returned with a new Doctor.

What did he wear?

This Doctor stole someone's fancy-dress costume. He looked like a stylish Edwardian gentleman!

Why did he change?

We don't know what caused him to regenerate, but it could be connected with the Time War and it might have happened just before he met Rose.



NEXT WEEK

All about the Ninth Doctor!

Sarah Jane ADVENTURES

Already missing the **Bannerman Road** gang? Don't worry – actress Elisabeth Sladen is back as Sarah Jane, reading two **spooky new stories** on CD. We spoke to her to find out all about them.

Tales from the ATTIC

Is *The Sarah Jane Adventures* just as scary on CD?

"Oh, yes! *The Shadow People* is very scary. The kids head off on a school trip, but they miss the bus, so I have to go with them. Then I feel like there's someone standing behind me, but I can't see anyone..."

Yikes! What happens next?

"It turns out there was a tiny alien who was brought to Earth almost like a pet dog, and his job was to become whatever his masters wanted him to be. Now they've gone, he's got no one to become, so he decides to take over one of the gang!"

What's the other story about?

"In *The White Wolf*, Sarah Jane goes to visit somewhere she lived when she was young, but finds she doesn't recognise any of it. Someone is stealing memories! It's like a double story – you think one thing is going to happen, but then there's a twist!"

Did you have to do everyone's voices?

"No, that would be awful! I just had to give a flavour of the kids. I have a picture of them in my mind, so I can conjure up an idea of what they would do. But I don't do impressions of them!"

Is your house anything like Sarah Jane's?

"Oh no, that attic is so dirty! I can't bear it. My daughter says *How Clean Is Your House* is my favourite programme, but it's not true! I do love interior design, though! I really love putting things together, and I love my home."

What's the biggest difference between you and Sarah Jane?

"I think she's a lot braver than me! Also, she loves gadgets – I'm not really interested in that kind of technology. I love what it can do, that's all."

Are there any monsters from your time in *Doctor Who* that you'd like Sarah Jane to meet again?

"Well, I've been really lucky with Davros and the Sontarans. I think it would be the Zygons, actually. They were great – and very slimy!"

What's your favourite thing about Sarah Jane?

"I love that she never gives up! It's something I think she always had from the beginning, but it was brought out by the Doctor. She has that feeling that if you try hard enough, you'll win!"

Win! SJA CDS!

Are you desperate to hear these amazing new SJA stories? Why not enter our great competition? Five readers will each win a copy of *The White Wolf* and *The Shadow People*. For your chance to nab these great prizes, just answer the following question.

What is the name of the actress who plays Sarah Jane?

- ○ **A** Elsie Sladen
- ○ **B** Elisabeth Sladen
- ○ **C** Elisabeth Slater

Send entries marked DWA143 SJA, along with your name, age, address and daytime telephone number, to the address on page 10, where you can also find full competition terms and conditions. Or you can email your answer and details to sja143@dwacomes.co.uk. Closing date: 9 December 2009.

Doctor Who sits within BBC Worldwide's Global Brands division and has a commercial portfolio across DVD, merchandising, digital download and publishing (magazines, books and audiobooks). The show is available internationally from 93 broadcasters in 47 territories, from Spain to Serbia, Israel to Iceland. Since the new series began in 2005, over 3 million DVDs, over 1.5 million adult titles from BBC Books and 1.3 million children's books from Penguin and over 600,000 audiobooks have been sold, while 1.5m people have toured the Doctor Who Touring Exhibition. The brand is consistently one of the UK's top ten licenses, and the Doctor Who Annual 2009 was the number 2 best-selling annual in the Children's Bookscan charts. Children's magazine *Doctor Who Adventures* sells 57,000 copies every week, making it the bestselling children's title in terms of retail sales value, while downloads of the series regularly reach number one on iTunes. With the arrival of the 11th Doctor, played by Matt Smith, BBC Worldwide is currently looking at a range of commercial products to extend audiences enjoyment beyond the television programme.
